

MINUTES OF COMMITTEE MEETING

Transportation Research Board Committee A3B08 User Information Systems
IEA/HFES Registration Area
San Diego Marriott Hotel
Sunday, July 30, 2000
11:30 a.m.

ATTENDANCE

Philip Garvey, Chairman - Pennsylvania Transportation Institute
Sue Chrysler - 3M

I Call to Order

- A. Phil Garvey called the meeting to order.
- B. The minutes of the last meeting were approved.

II Scheduled Committee Activities for 2000

A. TRB 2001 Paper Review

The implementation of paper review in electronic format was discussed. Alex Vincent is on a year-long assignment and was unable to perform the duties of paper review. In the absence of the paper review subcommittee discussed at the annual meeting, Philip Garvey accepted the responsibility for the task of paper review.

B. FHWA's Human Factors Highway Safety Handbook Workshop

FHWA's all-day workshop scheduled for January 6, 2001 was discussed. Philip Garvey talked about his role as co-moderator of the breakout section on "User Needs in Intersections" (along with Martin Pietrucha, Chair of the Committee on Traffic Control Devices). Sue Chrysler indicated an interest in participating in the workshop.

C. TRB's 2001 Human Factors Workshop

A discussion was held on the proposed topics for the Human Factors Workshop. Neither of the mid-year meeting attendees had plans to attend the workshops.

D. Visibility Symposium

Philip Garvey both presented a paper and moderated a technical session at the Visibility Symposium which was held May 15-16, 2000 at the National Academy of Sciences building in D.C. The mid-year meeting attendees discussed the symposium and A3B08's continued participation as a co-sponsoring committee.

III Other Business

A. Report of Subcommittee on ATIS Activities

A discussion of the subcommittee activities was held. The ATIS subcommittee worked on the drafts of two TRR Circulars covering conference sessions held at the 1999 and 2000 TRB annual meetings.

B. Announcements of Interest to the Members of the Committee

- 1. The announcement that Mark R. Norman was succeeding R.E. Spicher as the TRB Technical Activities Director was discussed.
- 2. Future sites for A3B08's mid-year meeting which might result in a larger attendance were discussed.

IV Adjournment
